David Fleishman
Superintendent of Schools

July 2015

You are receiving this second notice because you live in an area of recommended change. Please see the enclosed reference page that explains the type of school district or buffer zone change that is recommended in your area.

Dear Newton Resident,

As many of you are aware, this is an exciting time of elementary school facilities renovation and expansion in the Newton Public Schools. Because our new and renovated schools will have expanded capacity to address our enrollment growth, and we currently have elementary schools that are overcrowded, we have established a Student Assignment Working Group (SAWG) to review elementary school boundary lines.

After months of review and examination of multiple scenarios that ease overcrowding and take advantage of expanded capacity at the new Angier and Zervas schools, a student assignment recommendation was made to School Committee on June 15, 2015 and a public hearing was held on June 22, 2015.

The Student Assignment Working Group has received excellent feedback from numerous residents and other stakeholders so far. For those who have not yet had an opportunity to learn about the recommended changes or to participate in this process, feedback continues to be important and relevant.

Please feel welcome to use, and encourage others to use our feedback email to send comments to sawg@newton.k12.ma.us. To get more information, the Student Assignment web page has comprehensive information including information about upcoming School Committee meetings, the full text of the recommendation, maps, as well as multiple presentations about the process that has been ongoing this past year. Please visit <http://www.newton.k12.ma.us/Page/2315>

The Newton School Committee, and NPS administration are committed to minimizing disruption for students and families and no students who are currently enrolled in our system will be moved. Also, we offer a consistent educational program in all fifteen elementary schools so that children and families throughout Newton can be assured equal benefit from the excellent teaching and learning opportunities that are available in our system.

Ruth Goldman, School Committee from Ward 6 (ruth_goldman@newton.k12.ma.us) and Steve Siegel School Committee representative from Ward 5 (steve_siegel@newton.k12.ma.us) are members of the Student Assignment Working Group and welcome any questions that you may have.

Sincerely,

A handwritten signature in blue ink that reads "David Fleishman".

David Fleishman
Superintendent of Schools
