

Dear Oak Hill Families,

We are excited to share our school wide reading program for the 2019-2020 school year: One Theme, Many Books.

Shared reading experiences build community, connections, and a culture of reading. This year students may choose to read one of the two books listed below, based on the grade they will be in this September. Each of these books explores the common theme of friendship.

When we return to school in the fall, there will be a *One Theme, Many Books Celebration Day* where students and staff will participate in activities, discussions, and special events that revolve around the theme of friendship in these books.
