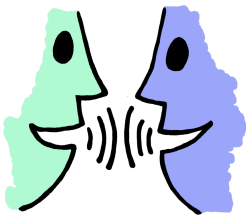
Digital Citizenship
Online Expectations



Only write things online that you would say to someone's face.

Respect other students' opinions, **even when you disagree**. Provide clear, thoughtful support for your views.

Always assume good intentions. If you are unsure or annoyed by a comment, **wait** 24 hours before responding.

When posting, use comments that take care of yourself and others.

Always spell out all words for school assignments.

Repeating a word multiple times is unnecessary.

Words in **ALL CAPITAL LETTERS** are considered **SHOUTING** in online discussions.

Sentences only need one exclamation point or one question mark.
