

January 11, 2021

Dear Newton METCO Parents:

Open enrollment using the new ONLINE application process at METCO Inc. has begun and The Newton METCO program will begin requesting sibling applications next week. If you wish to have your sibling student considered for placement **you must complete an online application during open enrollment** with METCO Inc. and inform the Newton METCO office of your request.

With the new online lottery selection process siblings receive priority when space is available in the district. Therefore, the district must submit an online request for your sibling application. In order to help us identify our Newton siblings please complete the attached form below and return to Stacie Gladden, Newton METCO Executive Assistant by (email gladdens@newton.k12.ma.us) by Friday January 15, 2021.
