

Newton School Volunteer Participants are Saying....

Tutors are saying...

My student tells me, "I think I'm getting smart."

My student is improving so much!

Tutoring is exceptionally rewarding, he is eager to learn and works hard during our time together.

The workshops are absolutely fantastic!

I really enjoy tutoring. I get such pleasure seeing how the children learn and knowing that I'm helping them understand important concepts. You should hear some of the crazy word problems we create together!

Students are saying....

Math can be FUN!

I like having a math tutor because she is one of the only people I can talk to about what I know and don't know.

I like having a math tutor because she teaches me more than I learn in class.

I learn to believe and have more self-confidence.

He teaches me things I don't know.

Parents are saying....

It is a wonderful experience for my daughter. The tutor is great and very patient and helpful.

He is an amazing tutor. My child lacks confidence in math; overall she doesn't like math. However she looks forward to meeting with the tutor and is upset if she isn't having tutoring. She says, "The tutor makes math fun!"

Definitely a positive experience for my child. We look forward to more tutoring next year, too!

The tutoring program is fantastic. The tutor is always enthusiastic and my daughter looks forward to her weekly sessions. It really helps boost her confidence and reinforce class material. Thank you!

My daughter truly enjoys this program- she often comes home eager to share her "math stories." It's nice to see her so excited and passionate about mathematics.

Teachers are saying...

My student benefits from math tutoring. He tells me, "I learned that with my math tutor."

My student has improved so much in math. Thank you so much!

I would love it if the tutor could tutor in my class next year!
