Re: Student Services Report

.....

The Student Services update tracks activity for special education aides, preschool enrollment, contracted services, out of district tuitions, and transportation.

The current forecast for aides includes 12 vacancies which are in the process of being filled. All of the vacancies are expected to be filled based on changes in need for services pending receipt of signed/accepted IEPs. The forecast for aides projects to be under plan by \$293,524 for FY19.

Currently, there are 127 students in out of district placements including 22 for whom we have agreements with parents. There are 12 pending placements. During November at the high school level, one placement ended as the student aged out, and three students were placed out of district. There was no movement at the pre-school, elementary, and middle school levels. The projection for tuition shows a surplus of \$950,160. Current projections include pending placements and the potential cost of unilateral placements.

The Newton Early Childhood Program (NECP) currently serves 237 students. There are 81 students with special needs enrolled in preschool classrooms, 86 students who are typically developing enrolled in preschool classrooms, and 70 students with special needs receiving related services only.

The forecast for contracted services projects to be under plan by \$33,647 for FY19.

There are a total of 498 students receiving Special Education Transportation. The number of students receiving out of district special education transportation is 94, and the number of students receiving in district special education transportation is 404. The forecast for transportation projects to be under plan by \$3,259 for FY19.
